March 2021

Robertsganj

High School

D.A.V. Public School (85)

March 2019

Robertsganj

EXPERIENCE

Software Engineer Intern

Rablik

May 2024 - August 2024

Remote

- Developed and debugged software modules using Java, Python, and JavaScript, improving functionality and code reliability.
- Designed and integrated RESTful APIs to enable efficient communication between frontend and backend systems.
- Optimized database queries and managed data using SQL and MongoDB, enhancing system performance by 30%.

Frontend Developer Intern

RM Cube IT Solution ltd

January 2024 - February 2024

Varanasi

- Developed and improved responsive web designs using HTML, CSS, and ReactJS, ensuring cross-device compatibility.
- Collaborated with team members to design seamless user interfaces and boost application performance by streamlining frontend.

PROJECTS

HandReacting

Link - <https://hand-writting.vercel.app/>

- Built a platform that converts digital text into personalized handwritten styles, offering a unique user experience.
- Added customizable features such as font size, color, and spacing, attracting over 500 active users.

Language Translator

Link - <https://translator-app-lime.vercel.app/>

- Designed and implemented a React app for accurate multilingual text translation using APIs, enhancing user accessibility.
- Streamlined real-time translation by integrating intuitive language selection and input features for a seamless user experience.

Weather App

Link - <https://weather-app-alpha-gilt.vercel.app/>

- Developed a weather app using APIs for real-time data retrieval, providing accurate weather updates.
- Implemented a responsive UI for an optimized and seamless user experience across devices.
